

2025 NASP® Academic All-American Team Announced

May 12, 2025

Based on the results of the 2025 Eastern and Western NASP® National Tournaments and using rosters of all currently registered Academic Archers, NASP® announces its Academic All-American Teams in Elementary, Middle School, and High School Divisions. These student archers not only excelled on the range, but also were recognized by their school for proficiency in the classroom.

While there is no separate competition or event for the Academic All-American Team, earning a place on this team is a remarkable accomplishment. Each student's name is proudly published in this annual announcement, and they are awarded a certificate presented by their coach to mark this exceptional achievement. This recognition shines a spotlight on students who have mastered the art of balancing their studies with outstanding performance on the range.

NASP® and the Academic Archer Title Sponsor, Easton Technical Products are proud to recognize these top student archers as they provide an excellent scholastic example for all NASP® participants in 50 states. Congratulations to these NASP® Academic All-American archers!

NASP® Elementary Division All-American Academic Archers

FIRST NAME	LAST NAME	SCHOOL	STATE
