

PPHH Food Truck Friday – Event

Update

Dear Vendors, Businesses, and Community Members,

We are looking forward to welcoming everyone to **PPHH Food Truck Friday**, which will continue **as planned**.

We recognize that there are currently air quality alerts in portions of our region. We encourage everyone to make the decision that is best for themselves and their families based on their own health needs and comfort level.

To help you make an informed decision, we encourage you to review the following official resources:

- Air quality information from the U.S. Environmental Protection Agency: [AirNow](#)
- Wildfire smoke and health guidance from the Michigan Department of Health and Human Services: [Michigan Wildfire Smoke & Health Information](#)

The State of Michigan also provides air quality alerts and updates through the Michigan Department of Environment, Great Lakes, and Energy (EGLE). We encourage everyone to stay informed by monitoring the latest conditions and recommendations.

We appreciate your understanding and support. We look forward to a great evening together and encourage everyone to make the choice that is right for them.

Thank you,

Greater Brighton Area Chamber of Commerce
PPHH Chamber Division
